

Become a Corporate Partner

The Problem:

Our community's vulnerable children are in a crisis, and while we do serve over 600 children every year, there are still approximately 200 foster children who don't receive our services.

The Vision:

Children in Foster Care deserve a chance to experience a loving and safe home. A CASA Advocate will be there to speak up for their best interests.

The Solution:

In order to represent 100% of the foster children in our community, we need \$300,000 more in donations every year, and 187 additional volunteers.

Make a Lasting Impact on Your Community

Sponsor one month each year with a \$10,000 gift, with a three-year commitment, and enjoy the following benefits:

- During your sponsored month, we'd love to invite your upper management team to a Partners of CASA Lunch so we can share the annual impact of your gift
- We will put your logo on our front home page, demonstrating you are one of our Corporate Partners
- Your logo will be on display at community fairs and events
- We will do a big announcement on social media, and in our newsletters to our community and volunteers, as well as other media outlets
- During the month you sponsor, we will highlight your business throughout the month and look for ways we can partner together during that month in community events
- A free table for eight at our annual benefit with your business listed in our program and displayed on your table
- Enjoy the tax benefits of donating to a registered 501(c)3 nonprofit organization

Email Bekah at bekah@3rddistrictguardian.org to discuss becoming a Corporate Partner today!

The Third District Guardian ad Litem Program (DBA, CASA of Southwest Idaho) is a 501(c)3 non-profit organization. All donations made to CASA of Southwest Idaho are tax-deductible.
